## SECTION 12.0

### SICK LEAVE

#### 12.1 General

Sick leave with pay shall be earned by regular employees in the classified service and may be used as herein provided. Extra help employees shall not accrue sick leave.

For purposes of this section, one year shall be equivalent to twenty-six (26) biweekly pay periods.

The Board of Supervisors recognizes that it may become necessary for an employee who is ill or injured to be absent from work. For this reason the Board has established a sick leave plan designed to protect the earnings of the employee during those times.

Sick leave is granted for necessary absences from work due to a legitimate personal illness or injury, personal medical/dental appointments or for family illness or injury.

Sick leave is a monetary benefit, like insurance to protect the earnings of the employee. It aids the employee in meeting bills and other financial obligations when sickness or injury has temporarily taken away the ability to work. Sick leave is not intended to provide a paid day off, like holidays and vacation, under the guise of "sickness". The County provides sick leave as a benefit to employees. However, the County's first obligation to the residents of Sutter County is to provide cost-effective services. Therefore, the effect of the use of sick leave on services and employee performance is a critical matter.

12.5 Permissive Uses of Sick Leave

General, Supervisory, Professional, Law Enforcement, Confidential, and Management Units and Deputy County Counsels and Assistant County Counsel

Sick leave may be applied to:

- A. An absence necessitated by an employee's personal illness or injury.
- B. Absence due to an employee's exposure to a contagious disease when quarantine is imposed by health authorities or when it is determined by a physician designated by the County that the presence of the employee on duty would endanger the health of others.
- C. Illness or disability to an employee caused or contributed to by pregnancy, miscarriage, abortion, childbirth, or recovery from any of the foregoing.

- D. Medical and dental office appointments for the employee, to include dependent children, when absent during working hours for this purpose is authorized by the department head. Employees are requested to secure medical and dental appointments on their own time, but when this is not possible, appointments shall be secured to reduce to a minimum the time away from work. Employees are encouraged to have periodic examinations to maintain their health.

Conflicts with the work schedule can usually be avoided or minimized by cooperation between the immediate supervisor and employee and by scheduling appointments at the beginning or end of the work day (before 9:00 a.m. or after 3:30 p.m.) et cetera.

An employee who is scheduled to work periods other than those included above will usually not be allowed time off for routine medical, vision or dental appointments. An exception can be made on the approval of the immediate supervisor if he/she feels that an exception is in the best interest of the work unit or if there is sufficient justification for such an exception. However, the following provisions should be met by the employee requesting such leave:

1. The employee's immediate supervisor should be informed of the expected absence at least one week prior to the scheduled appointment.
2. The employee will make every effort to return to his/her assigned unit as quickly as possible following the appointment.

While the County's sick leave is designated to benefit the employee, this does not mean that the employee does not have a responsibility. Generally, employees are responsible for proper use of the benefit; and it is expected they will make every effort to recuperate through rest and/or medication.

Use of sick leave:

- A. Paid sick or disability leave time must be spent at home; hospitalized or at a doctor's office; purchasing medication or necessities of life; in matters directly related to the illness or injury of a family member or in transit to or from one of the above. Any deviation from these uses of paid sick or disability leave time when the employee is regularly scheduled to work must be authorized by the department head or designated representative.
- B. Non-work time which comes between days or shifts of sick or disability leave time must be spent as directed by the employee's attending physician with the purpose of recovering from the illness or injury as quickly as possible for return to work.
- C. An employee is to return to work as soon as he/she recovers from an illness or injury including the return to a shift or work day in progress.

- D. Sports and other non-county work activities are inappropriate and unacceptable for an employee who is on paid sick or disability leave during scheduled work time from their county position, unless such activity is prescribed by the attending physician for the specific purpose of rehabilitation.

## 12.19 Doctor's Statement

### General, Supervisory, Professional Confidential and Units, Deputy County Counsels and Assistant County Counsel

- A. There will be times when the supervisor will require the employee to provide a physician's statement to support the claim for the sick leave benefit. Such a statement will be necessary under the following conditions:
1. The appointing authority shall approve sick leave only after having ascertained that the absence was for an authorized reason. The appointing authority may require substantiating evidence including a physician's certificate or employee's personal affidavit, at the appointing authority's election. For an absence of one day or less, the appointing authority may only require an employee to submit a physician's certificate if the employee is notified by the appointing authority or his/her designated representative at or before the time he/she calls in sick that such physician's certificate will be required. The appointing authority or his/her designated representative may only require a physician's certificate for an absence of one day or less if he/she has reason to believe that the employee is or may be abusing the sick leave privilege. In addition, the appointing authority may make whatever investigation into the circumstances that appears warranted so long as reasonable before approving any sick leave.
  2. Following any absence of five (5) or more consecutive work days for illness, injury or exposure to a contagious disease, whether or not sick leave was used, the affected employee shall obtain from a physician licensed to practice medicine in the State of California, a statement that the employee is fit for duty or to return to duty.
  3. Following any absence for serious illness, injury, or exposure to contagious disease, whether or not sick leave was used, or if in the opinion of the appointing authority an employee is incapacitated for work on account of illness or injury the appointing authority may require a statement by a medical doctor appointed by the County at County expense that the employee is fit for duty or to return to duty. In the event of a disagreement between the employee's physician and the County appointed physician regarding whether or not an employee is fit for duty or to return to duty, a third party physician recommended by the County sponsored plan provider will be appointed at County expense to resolve the disagreement.

The medical statement must be signed by the licensed medical practitioner providing the care and shall include:

- a. The date the employee was seen by the doctor.

- b. The general nature of the illness.
- c. The dates the injury or illness prevent the employee from working.
- d. The expected date the employee can return to work.
- e. Restrictions on or limitations of work activity upon return to work, and the time during which they apply.

Failure to provide a medical statement acceptable to the department head when required shall result in the denial of sick leave and may result in disciplinary action, unless an acceptable reason for such failure is presented.

- B. There will be times when the appointing authority will require an employee to provide a physician's statement to ensure that an employee is able to perform or to safely perform the essential functions of his/her position. If, based on observations of the employee's abilities, conduct and behavior, it is believed that an employee may have a physical and/or mental condition that may prevent the employee from performing or safely performing the essential functions of his/her position, whether or not the employee has been absent from work and whether or not sick leave was used, the appointing authority may require the employee to provide medical information from his/her physician that addresses the employee's ability to perform or safety perform those essential functions. The County will pay out-of-pocket medical expenses the employee is required to incur to obtain the medical information required by the County. The employee will be in a paid status and may be required to work, including light duty, pending receipt of the required information from the physician. Failure to provide the required information may result in discipline.

## SECTION 21.0

### JURY DUTY

#### 21.1 Jury Duty

##### A. Fire Safety Unit

A regular employee shall be allowed such time off with pay as is required in connection with the jury duty; however, said time off with pay shall be granted only upon remittance of full jury fees, exclusive of mileage, or upon submittal of acceptable evidence that jury fees were waived. An employee shall notify his Department Head on the first business day after receiving notice of jury duty. An employee assigned to work a shift and attending jury duty who is released from jury duty before the end of the work shift, shall return to work if there would be at least one (1) hour of work time remaining in the work shift, exclusive of travel time. With prior arrangement with the employee's supervisor, rather than returning to work, the employee may instead use appropriate time-off accruals. If an employee chooses to take vacation or compensating time off while on jury duty, he/she shall not be required to remit or waive jury fees in order to receive his/her regular salary. To be compensated, jury duty must coincide with the employee's normal scheduled work hours. If an employee volunteers for jury duty, such as a county grand jury, they must request to use applicable accruals for time off during work hours.

A Fire employee would typically be serving more days on jury duty on their own time, versus when scheduled to work on paid time. So, if the Courts cannot split the jury fees for just the non-work days, the employee does not have to submit or waive those fees, as long as they remain nominal amounts.

(Amended 02/25/14, Fire Safety Unit MOU)

##### B. General, Supervisory, Professional, Confidential and Management Units, Deputy County Counsels and Assistant County Counsel

Sutter County encourages employees to fulfill their civic obligations by performing jury service when called.

##### Mandatory Jury Service

A regular employee shall be allowed such time off with pay as is required in connection with the jury duty; however, said time off with pay shall be granted only upon remittance of full jury fees exclusive of mileage or upon submittal of acceptable evidence that jury fees were waived. An employee shall notify his Department Head on the first business day after receiving notice of jury duty. If an employee chooses to take vacation, compensatory time off, and/or unpaid

leave while on jury duty, he/she shall not be required to remit or waive jury fees in order to receive his/her regular salary.

If an employee normally assigned to any shift except "day shift" is called for jury duty and ordered to report, the employee's shift shall be changed to "days" until the duty obligation has been fulfilled. A swing-shift employee shall be required to work the shift prior to the first day of the jury service so long as the shift concludes by 12 midnight. A graveyard shift employee shall have the graveyard shift prior to the first day of jury service off.

An employee, who is released from jury duty before the end of the work day, must return to work if there would be at least one (1) hour of work time remaining in the work shift, exclusive of travel time. With prior arrangement with the employee's supervisor, rather than returning to work, the employee may instead use appropriate time-off accruals.

#### Voluntary Jury Service

If an employee volunteers for jury duty, such as a county grand jury, the employee must request to use applicable accruals for time off during the employee's work hours.

#### C. Law Enforcement Unit

A regular employee shall be allowed such time off with pay as is required in connection with the jury duty; however, said time off with pay shall be granted only upon remittance of full jury fees or upon submittal of acceptable evidence that jury fees were waived. An employee shall notify his Department Head immediately upon receiving notice of jury duty. If an employee chooses to take vacation or compensating time off while on jury duty, he/she shall not be required to remit or waive jury fees in order to receive his/her regular salary. To be compensated, jury duty must coincide with the employee's normal scheduled work hours. If an employee volunteers for jury duty, such as a county grand jury, they must request to use applicable accruals for time off during work hours.

## SECTION 22.0

### PREPLACEMENT MEDICAL SCREENING

#### 22.1 Medical Evaluation Program

##### Policy Statement

It is the intent and purpose of the Sutter County Medical Evaluation Program to:

- Identify medical conditions and any related physical limitations of prospective employees in order to assure their placement in jobs which they can perform safely without risk of injury to themselves, fellow employees and the public.
- Allow individuals with disabilities to be placed in jobs they can safely perform and to provide reasonable accommodation for qualified individuals with disabilities pursuant to the Americans with Disabilities Act.
- Lessen the probability of injury, illness, or the aggravation of existing disorders.
- Comply with the letter and intent of laws prohibiting discrimination.

##### Application of Program

All new employees, including full-time, part-time, limited term, and certain extra help will be required to participate in the Medical Evaluation Program. After all other employment screening has been completed and the successful job candidate has been identified, such candidate will be made a job offer contingent upon the successful completion of a pre-placement medical evaluation.

##### Medical Standards

Medical standards are to be job-related only. Employees must meet the medical standards for a job classification in order to be designated as qualified for employment in that classification.

##### Cost of Medical Screening

Sutter County shall pay the cost of the initial medical screening.

##### Appeal of Medical Disqualification

If an applicant is disqualified from appointment to a position for failing to meet the Medical Standards for the job classification his or her name shall be removed from the eligible list for that job classification. He or she may file a written request through the

Human Resources Director for a review of his or her disqualification. The request must be submitted to the Human Resources Director within five (5) working days after the applicant/employee is notified of the disqualification.

The applicant will have the right to submit additional information regarding his or her medical condition, including a report by an independent medical examiner. The information provided must be relevant to the nature and extent of the medical condition(s) which relates to the applicant's disqualification. Opinions regarding the applicant's ability to perform the job, with the medical condition(s) in question should be avoided, since the independent medical examiner will not have access to the employer's in-depth knowledge of the job including the Job Profile and relevant Medical Standards. All medical examinations relating to this appeal are the financial responsibility of the applicant.

Further medical information provided by the applicant should be submitted to the Medical Evaluator for review. The Medical Evaluator should then review the submitted information and determine, in light of this additional information, whether or not the applicant meets the medical requirements of the job classification. If the Medical Evaluator, after reviewing the information, withdraws the disqualification, the applicant's name shall be returned to the eligible list for the job classification. If the disqualification is upheld, an appeal of the disqualification may be submitted to the Sutter County Human Resources Director within twenty (20) working days after the applicant is notified that the disqualification has been upheld. The applicant shall have a reasonable opportunity to submit written and oral evidence to the Human Resources Director. The Human Resources Director shall thereafter issue a written decision on the disqualification. The decision of the Human Resources Director shall be final.

(Amended 01/11/00, by the Sutter County Board of Supervisors)

## 22.2 Preplacement Drug Testing

### Policy Statement

In recognition of the public service responsibilities entrusted to the employees of the County, and that drug usage can hinder a person's ability to perform duties safely and effectively, the County hereby adopts the following preplacement drug testing policy.

### Application of Preplacement Drug Testing Program

All new employees, including full-time, part-time, limited term and extra help will be required to participate in the Preplacement Drug Testing Program. After all other employment screening has been completed and the successful job candidate has been identified, such candidate will be made a job offer contingent upon the successful completion of the drug testing process.

## Testing Procedures

The Preplacement Drug Testing will be conducted by urine specimen. The process and procedures shall be in accordance with applicable statutes, case law, ordinances and policies in effect at the time of testing.

All drug test results will be reviewed and interpreted by a physician before they are reported to the applicant and then to the County. With all positive drug tests, the physician (AKA medical review officer) will first contact the applicant to determine if there is an alternative medical explanation for the positive test result. If documentation is provided and the medical review officer determines that there was a legitimate medical use for the prohibited drug, the test result will be reported to the County as negative. If the urinalysis tests positive for the presence of controlled substances, the applicant has 72 hours to request that the specimen be analyzed by a different certified lab. All costs associated with the request of the applicant for a second analysis shall be the financial responsibility of the applicant.

## Failure to Successfully Complete the Drug Testing Process

Any applicant whose drug test is reported to the County as a positive drug test shall be deemed as not successfully completing the County's drug testing process and is not eligible to become employed with the County. His/her name shall be removed from the eligible list for that job classification.

## Cost of Medical Screening

Sutter County shall pay the cost of the initial drug testing only.

- b. The Sheriff may exclude employees from participating in any special assignments, such as dog handling, SWAT team, bomb handling, dive pay, or other special assignments.
- c. Within thirty (30) calendar days from the date the employee either refused to take the physical performance test, participate in a medical exam or ceased cooperating in the health improvement program designated by the County Health Officer, such employee may be sent a notification letter by the Sutter County Sheriff giving the employee notice that failure to comply with the above requirements will result in a

reduction of pay equivalent to one step reduction in the salary range effective the first day of a pay period after such notification.

The imposition or release from any restrictions or actions permitted under "a" through "c", above, shall be the responsibility of the Sheriff. Upon receipt and consideration of the medical report submitted by the County Health Officer or designee, the Sheriff shall have the authority to reinstate the employee's salary at such time the employee shows evidence of good faith participation in the health improvement program. Such reinstatement shall be made no earlier than the first day of a pay period following approval by the Sheriff. Such salary reduction shall not exceed twenty-six (26) full bi-weekly pay periods.

Since this is a new program, it is anticipated that interpretive or application problems may arise in the implementation of the program. In such event, any unresolved disputes or grievance that cannot be resolved at steps one (1) through four (4) of the Grievance Procedure shall be submitted to the Sutter County Board of Supervisors for a final determination no later than thirty (30) calendar days from the date a written decision to the employee was given at step four (4) of the Grievance Procedure. The decision of the Board of Supervisors shall be final and binding on the parties.

## SECTION 34.0

### OFF-SITE WORK PROGRAM

#### 34.1 Definition – Professional and Management Units, Deputy County Counsel and Assistant County Counsel

Off-site work is the practice of working at a remote site, usually the home, instead of a central work-site. Off-site work is sometimes referred to by the term “telecommuting.” The distinguishing aspects of off-site work are: 1) the work is done at home or other work site, and 2) working at home or other work site takes the place of traveling to the central work site. This program is an option available only with the mutual agreement of the County and the employee and is not an employee right.

(Adopted 01/11/00, Professional Unit MOU)

(Adopted 02/01/00, Resolution 2000-06, Management Unit)

(Adopted 02/01/00, Deputy County Counsels and Assistant County Counsel Agreement)

#### 34.2 Approval Process

- A. With the recommendation of the department head, review by the Risk Manager, and final approval by the County Administrative Officer, an employee may be allowed to work off-site on a limited basis. Off-site work of a short duration, 2 weeks or less for a specific one-time occasion that is not part of a continuing off-site arrangement, will not require the approval of the County Administrative Officer. All requests will be subject to the operational needs of the department as determined by the department head. County liability, including safety and workers’ compensation issues, will be closely reviewed prior to granting an off-site work request.
- B. Requests for work schedules which include working off-site must be submitted to the department head along with the Work Agreement and Work Plan signed by the participating employee and supervisor.
- C. Once approved, off-site work schedules, circumstances, standards and conditions are subject to periodic review and may be amended or discontinued at any time at the discretion of the department head and/or County Administrative Officer.

(Adopted 02/01/00, Resolution 2000-06, Management Unit)

(Adopted 02/01/00, Deputy County Counsels and Assistant County Counsel Agreement)

### 34.3 Standards and Conditions

The County's Off-site Work Program shall be governed by the following standards and conditions:

1. Off-site work shall be limited to three (3) work days per week.
2. The maximum term for an off-site work agreement is six months. When the agreement expires, it may be renewed after a new Agreement and Work Plan are submitted to and approved by the department head.
3. The duties, obligations, responsibilities, and conditions of off-site employment with the County remain the same as those for employees who do not work off-site.
4. Off-site work is not a right, benefit, or a substitute for child care or elder care. The employee is responsible for making provision for that care by others during his/her working hours. It is an alternate work arrangement only.
5. Service levels, work turnaround time, and office operations shall not be adversely affected.
6. Employees remain obligated to comply with all County rules, policies, practices, and instructions; violation of such may result in termination of off-site work and/or disciplinary action, up to and including termination of employment.
7. No change shall be made to existing levels of salary and/or benefits for employee participation in the Off-site Work Program.
8. In the event of delay in repair or replacement of equipment or any other circumstances which preclude the employee to work off-site, the employee may be assigned to do the work at a County work space and/or assigned to another location.
9. Payroll time sheets will accurately reflect off-site hours worked.
10. Requests to work overtime, use sick leave, vacation or other leave must be approved by the employee's supervisor in the same manner as when working in the County location.
11. If the employee is sick while working at home, the off-site worker will report only those hours worked and request to use sick leave or other appropriate leave for hours not worked.
12. Employees who work off-site are required to participate in all studies, inquiries, reports, and analyses relating to off-site work for the County.

A. ELIGIBLE EMPLOYEES. The eligibility of employees requesting to participate in the program will be considered in relation to the following factors:

1. Suitability of occupation and work assignment.
2. Clearly defined tasks and work products.
3. Individual circumstances.
4. Performance history and work habits (Examples of demonstrated characteristics required prior to approval of off-site work include: being a self-starter, having initiative, ability to work independently, and self-discipline).
5. Equipment needs and availability.
6. Amount of time spent doing off-site work or telecommuting.
7. Suitability of home environment.
8. Commute distance and time.
9. Effects on the County's workplace.
10. Lack of availability of County workspace.

B. TERMINATION OF THE WORK PROGRAM. Off-site work is a voluntary program and may be terminated by the County at any time for any reason. The employee may terminate the agreement upon two-week's notice to the County, pursuant to the terms and conditions of the work agreement.

Although the County is not required to give a reason, indicators of why participation may be terminated may be for one or more of the following reasons.

1. Failure to meet the provisions of the agreement.
2. Department head and/or County Administrative Officer determination to discontinue.
3. Employee's desire to discontinue.
4. Poor work performance
5. Undue burden on non-telecommuting employee(s).
6. Computer equipment failure.
7. Illegal or improper use of County issued equipment.
8. Unsafe home-based or off-site work station.
9. Change in work assignments to ones that are no longer conducive to off-site work.

C. AGREEMENT. Each participating employee shall be required to read, formally acknowledge, and comply with all terms, standards and conditions of the Off-site Work Program and a prescribed work agreement which specifies exact work location, working hours, days, equipment, supplies, etc. This acknowledgment and agreement will be retained in the employee's personnel file in the Human Resources Department and a copy will be retained by the department.

- D. **WORK PLAN.** Each participating employee and supervisor shall be required to complete a jointly developed Work Plan, which specifies daily/weekly project assignments, due dates, etc. The Work Plan will be reviewed and may be revised from time to time during the period of the agreement. The Work Plan will be retained by both the department and the employee.
- E. **GOVERNING RULES.** Employee remains obligated to comply with all County rules, policies, practices, procedures and instructions; violation of such may result in preclusion from off-site work and/or disciplinary action, up to and including termination of employment.
- F. **EQUIPMENT.** Each department shall work with potential off-site workers to determine equipment needs (e.g., computer and telephone equipment, host connection, fax machines, typewriter, etc.) at the off-site location. Provision of County-issued equipment, materials and supplies shall be the responsibility of the respective department. The use of equipment, software, supplies and furniture, when provided by the County for use at the remote work location, is limited to use by authorized persons only for purposes of conducting County business.

Employees shall designate work space for installation of equipment to be used in the assignment. This work space must be maintained in a safe and clean condition, free from hazards and other dangers to employee and equipment. When County equipment is provided the employee is responsible for the equipment's proper use and security. The County will provide for maintenance and repairs to County equipment.

Participants also may have the option of using personally-owned equipment subject to department head approval and the approval by the Director of Information Services for computer and ancillary equipment.

- G. **USE OF SOFTWARE.** Ownership of County-purchased software will remain with the County. All files and data bases shall remain the property of the department. All software copyright laws will be strictly adhered to. In no instance will unauthorized copies be made of County-owned software. Only properly registered software will be used for doing County work.
- H. **SUPPORT SERVICES.** The County's Information Services personnel shall provide support services on County-owned computer equipment. Cost of County equipment will be borne by the County. Off-site worker will be solely responsible for maintaining personally-owned equipment used in the course of performance of County work.
- I. **WORKERS' COMPENSATION.** Since the employee's remote work space shall be considered an extension of the County work space, the County's workers' compensation liability for job-related accidents, illnesses or

injuries will be applicable when the employee is working during the employee's off-site work hours. A work related injury occurring at an off-site work location shall be treated in the same manner as a work-related injury at a County facility.

- J. LIABILITY. The employee remains liable for property damage and/or injuries to third persons and/or members of employee's family on employee's premises which are not related to the conduct of County business.
- K. REMOTE SITE VISITS. Managers/Supervisors are authorized to make remote site visits without notice during agreed-upon work hours as reflected by participating employee's Work Agreement. Such visits may be made to review and monitor work being performed, determine that the work site is safe from hazards and to maintain, repair, inspect, and retrieve County-owned equipment, software, data and supplies. If the remote site is the employee's home, site visits will be strictly limited to the established "work space."
- L. TAX IMPLICATIONS. Individual tax implications, if any, related to the home work space shall be the responsibility of the employee.

## SECTION 35.0

### COMPENSATION AND WORKING CONDITIONS DURING EMERGENCIES

#### 35.1 Overtime Compensation – General, Supervisory, Professional and Confidential Units

Employees required to work when the County goes into an operational state of emergency, as part of a declared local emergency, or when County facilities have been closed or work has been temporarily halted pursuant to Section 35.2 shall be compensated at the overtime rate, if the hours they work during the workweek exceed 40 hours, including holidays and paid vacation leave, as long as such vacation leave was approved prior to being called back to work due the emergency, facility closure or temporary cessation of work.

For purposes of this section, an operational state of emergency is when the County's Emergency Operation Center has been opened and, as a result of the emergency, employees are required to work extended shifts.

(Amended 08/12/08, General, Supervisory and Professional Units MOU)  
(Amended 08/12/08, Confidential Unit Agreement)

#### 35.2 Closure of County Offices – General, Supervisory, Professional, Confidential, Management Units, Deputy County Counsel and Assistant County Counsel

In the event of circumstances justifying the unscheduled closure of County facilities or the unscheduled cessation of work, the County Administrative Officer (CAO), or designee, may at his/her sole discretion, order County facilities closed and/or work temporarily halted. Decisions of the CAO (or designee) regarding facility closures and/or the temporary halting of work shall not be grievable.

If the CAO or designee decides to close a County facility or order the cessation of work, the CAO or designee may deploy the affected employees to other County facilities or worksites, or may release employees from work.

In the event that the CAO or designee determines it is necessary to close a County facility or temporarily halt work, the following information should be considered and communicated to employees prior to excusing them from work:

1. If the circumstances giving rise to the CAO's or Designee's decision occurs within two hours of the regular meal period for employees working at the affected work site, employees may be directed to take an early meal break. If employees are sent to lunch early, employees will be informed to return to their work site immediately following completion of their meal break. In these situations, meal breaks should be neither shorter nor longer than the employee's normal assigned meal break.

2. Regular employees who are sent home shall be paid for the balance of their regular work day; however, such employees shall remain ready and available to be called back to work by their supervisor for the duration of their regular work day should such a circumstance arise. If an employee who has been called back cannot return to work due to an extenuating circumstance, the employee will be charged the appropriate leave time from the time of call back until the end of the employee's regular shift.
3. Employees who seek approval to leave work to care for persons or property without having been ordered to leave due to the office closure in accordance with this policy shall use appropriate leave time for time off. If the CAO subsequently closes the employee's work site and no alternate site is chosen, the employee will be charged leave time for the period of time between his/her leaving the work site and the time of closure.
4. Unless personally notified otherwise by a supervisor or manager, employees who are sent home and who are not called back to work that day will be expected to return to work at their regularly scheduled work time on the next scheduled workday.

If the work site closure or temporary cessation of work extends beyond the first work day of closure, employees are expected to remain ready and available for assignment to their original or another County work site as quickly as possible.

5. Employees who requested leave in advance of a workday closure such as previously scheduled vacation, sick time or other leave, shall have their pre-selected leave balances charged accordingly.
6. Employees scheduled to start work at any time after a County worksite closure or temporary cessation of work shall be notified as soon as possible by their supervisors or designee that they need not attempt to come to work that day. These employees shall be provided paid leave for their regular hours that they were unable to work. Employees are expected to remain ready and available for assignment to their original or another County work site as quickly as possible.
7. Whenever an employee is required to work during the period that the facility to which he/she is assigned has been closed or the work that he/she normally performs has been temporarily halted, such employee shall receive additional vacation hours equal to the hours he/she was required to work during the closure/cessation of work. This section specifically does not apply to circumstances where employees assigned to a facility/worksites are temporarily reassigned to another County facility.

## SECTION 36.0

### JOB SHARING

#### 36.1 Definition

A Job Share is defined as either two permanent County employees or one permanent County employee and one Annuitant sharing one (1) regular full-time equivalent position.

#### 36.2 Eligibility/Responsibility

A full-time permanent employee who has completed his/her probationary period and whose performance has been rated as Meets Expectations or above may request a Job Share arrangement. Such requests shall be in writing and shall be submitted to the appropriate Department Head. The requesting employee shall be responsible to locate and submit the name of a qualified Job Share partner who is acceptable to the Department Head.

#### 36.3 Annuitant

An Annuitant, as defined in Section 10.1 of the Sutter County Personnel Rules and Regulations, who is retired from Sutter County service and who is otherwise qualified for the position may be assigned to a Job Share arrangement. Annuitants so assigned, shall at all times be treated as Extra Help employees.

#### 36.4 Merit System Classifications

Other provisions of this Policy notwithstanding, Job Share arrangements involving Merit System classifications shall at all times be subject to Merit System requirements. Such requirements will be verified prior to the final approval of the Job Share arrangement. Merit System requirements that conflict with this Policy, if acceptable to the Department Head and CAO, shall be included in the Job Share contract.

#### 36.5 Approval

Department Heads will receive and evaluate Job Share requests. Where practical and consistent with department needs, the appointing authority may permit a qualified employee to share his/her job with another qualified employee. Prior to actual implementation, Job Share arrangements will be reviewed by the Human Resources Director and shall be submitted to the County Administrative Officer (CAO) for review and approval.

### 36.6 Job Share Contract

The terms of each Job Share arrangement shall be consistent with the provisions of this Policy and will be documented in the Job Share Contract, which will be signed by the Job Share partners and the appropriate Department Head. The CAO or his/her designee will sign the Job Share Contract indicating that it has been approved.

### 36.7 General Information

Job Share partners must agree to work full-time hours during the temporary absence of one partner if requested to do so by the appropriate authority. The County reserves the right to require employees to temporarily work in excess of their regularly scheduled hours.

### 36.8 Wages and Benefits

The total wage and benefit package available to be shared by each permanent employee who is assigned to a job sharing arrangement shall be based upon the appropriate sections of the Rules Governing Employee Compensation, Benefits and Working Conditions and shall be provided and administered in accordance with this policy. Where the appropriate Benefit Rule and this policy conflict, the terms of this policy shall prevail. It is expressly understood that a Job Share arrangement will not normally result in any additional benefit related expenses for the County.

Nothing in this Policy shall be construed or applied in such a manner as to extend rights or benefits upon Annuitants that would not otherwise be available to Extra Help employees.

#### A. Salary

Job Share employees shall be paid their regular hourly rate of pay for hours worked and for all paid leaves taken.

#### B. Insurance Benefits

A Job Share partner who is regularly scheduled to work forty (40) hours or more per pay period shall be eligible to enroll in County sponsored health, dental, vision and life insurance programs. Job Share partners who are enrolled in County sponsored insurance programs may choose to share county contributions toward those benefits.

If County contributions are shared, they will be shared equally. Job Share employees who are temporarily assigned to work extended hours will continue to receive contributions on this shared basis.

If County contributions are not shared, one job-share partner will receive 100% of the County contribution to which he/she would otherwise be entitled and the other partner will receive zero contribution.

In no case will the County be required to contribute more than an amount equal to what one full-time County employee would be eligible.

C. Benefits Paid on a Shift Basis

Eligibility for shift-related benefits will be determined based upon the shift being shared by the Job Share partners. If Job Share partners are scheduled in such a manner that, when their schedules are combined, the combined shift would qualify for a shift-related benefit, each will receive fifty percent (50%) of the benefit. Under no circumstances will the County expense for the payment of these benefits exceed the amount that would be paid to one full-time employee.

D. Benefits Paid on a Monthly or Annual Basis

If a Job Share partner qualifies for a benefit that is paid on a monthly or annual basis (i.e. Bi-Lingual Pay, Uniform Allowance, etc.) the amount of such benefit will be reduced by fifty percent (50%). In combination, the County expense for the payment of these benefits shall not exceed the amount that would be paid to one full-time employee.

E. Other Forms of Compensation

Unless specifically addressed in this policy eligibility for each aspect of all other forms of compensation and accruals, including but not limited to, Vacation, Sick Leave, Holidays and Step Increases shall be the same as for Permanent Part-Time employees.

F. Application of Personnel Rules

Unless specifically addressed in this policy the County Personnel Rules and Regulations shall be applied in all matters related to Job Share partners the same as those rules would be applied to Permanent Part-Time or Extra Help employees whichever is appropriate.

G. Notification

Each Job Share employee will be notified in writing by the appointing authority at the time of the appointment, of the benefits to which he/she is entitled and the rates at which the benefits will be paid. This notification will be incorporated into the Job Share Contract.

### 36.9 Termination of Job Share Arrangements

#### A. Department Head

The appointing authority may terminate a Job Share arrangement with a written notice to each of the affected employees at least two (2) pay periods prior to the effective date of the change.

#### B. Job Share Partners

Either Job Share partner may request to terminate the Job Share Contract and return to full-time employment. However, approval of the request will be subject to an available vacant position. The remaining partner may be required to work full-time until another suitable Job Share partner can be identified and is approved by the department.

#### C. Change of Employment Status

In the event one partner is promoted, demoted, transferred, or terminated, the remaining partner will continue to receive pro-rated benefits until a replacement is appointed, even if required to work full-time hours. If a replacement is not appointed within three pay periods, the remaining employee may be returned to full-time employment in the position. Upon return to permanent full-time employment, the returning employee will be eligible for full-time benefits subject to the limitations of benefit providers.

### 36.10 Dispute Resolution

#### A. Management Decisions Final

Management decisions to approve, deny or terminate Job Share arrangements shall be final and will not be subject to the grievance procedures.

#### B. Job Share Contract

Alleged violations of the Job Share contract, other than the termination of the Job Share arrangement, will be grievable.

### 36.11 Pilot Project

#### A. Duration

The Job Share Program shall be conducted as a pilot project for the first twenty-four (24) calendar months of its operation. The beginning date of the project will be the date that the Job Share Policy is formally adopted by the Board of Supervisors.

B. Termination

The CAO may terminate the Job Share Program at any time during the Pilot Project period by providing written notice to all affected employees at least two (2) pay periods prior to the effective date of the termination.
